SL WASH 180

PHILIPS

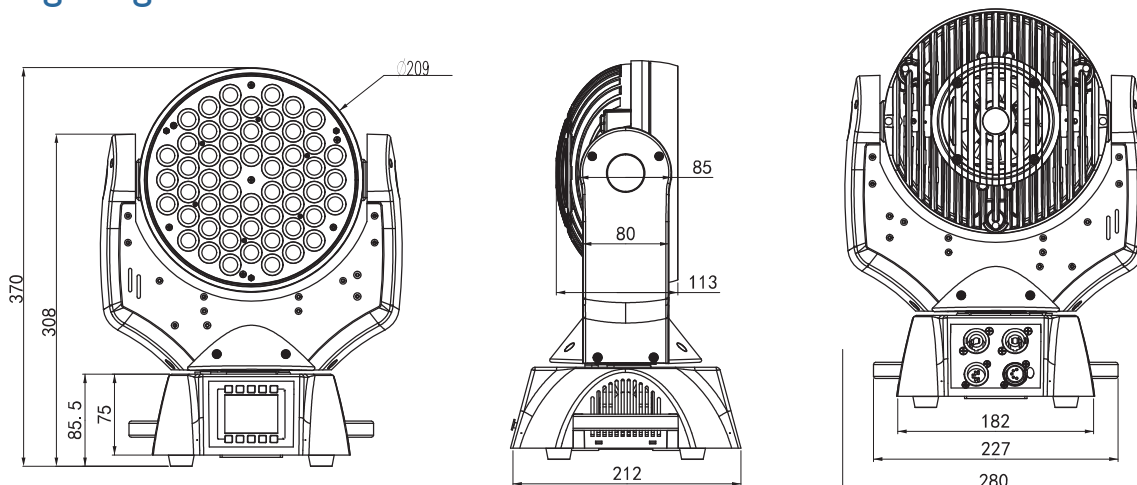

The Showline SL WASH 180 moving LED is part of a range of LED luminaires designed for the entertainment market providing rugged construction combined with high performance LED sources. Showline luminaires are designed to work together to match color, dimming and operation simplifying set up and allowing you to plan your production knowing you will get consistent light from every luminaire.

The Showline SL WASH 180 is a powerful moving LED wash luminaire available in a small and light weight configuration. This powerful RGBW luminaires deliver exceptional light output. The luminaire designed a wide range of beam angle projection from 12 - 45 degree, zoom control by DMX signal. The unique design of the SL WASH 180 offers the high speed Pan / Tilt movement with wide angle range of rotation. The SL WASH 180 includes standard mounting brackets for floor or pipe mount. Mounting brackets feature secure lock off and a tight profile to insure close placement to insure smooth beam spreads. Units are designed with cable management for clean cabling and easy set up.

Technical Specifications :

Version:
SL WASH 180 RGBW, IP20

Optics:
12 - 45 degree Zoom
54 high power LEDs

Controls:
DMX-512A(RDM)
Local LCD control
Master/slave

Physical:
90-240VAC, 180W
370mm x 280mm x 212mm, 8kg
CE

Luminance:
3475 lumens
CRI/CQS:
>90 (RGBW)

Features:
Color Gel filter preset
Chase - Strobe + Duration Effect Engine
LED & Tungsten Curves selection
Pan/Tilt shape Effect Engine

Modes:
HSIC
8 bit RGBW
16 bit RGBW

Harmonize Color Calibration Technology

At the heart of all Showline products is Philips Harmonize Calibration technology. Harmonize is a proprietary, advanced LED color matching system, consisting of 3 correction modules: RGB, RGBW and Cool White/Warm White. Every Showline fixture undergoes rigorous testing to provide you with consistent control of color and intensity as well as output of the highest quality.
