

Material Safety Data Sheet according to decree (EG) 1907 / 2006

(changed by decree (EU) 453/2010)

Product name: **Fog liquid "Cryo-Fog-Fluid"**

Date of printing: 06.02.2018

Date of adaption: 06.02.2018

Others: Facultative Safety Data Sheet

1. Name of the material or mixture and Company Identification**1.1 Product identifier**

Material name/Product name: Fog liquid "CryoFog-Fluid"

Indes-Nr.: none

EG-Nr.: none

CAS-Nr.: none

REACH-Registrierungsnummer: inapplicable

1.2 Relevant identified use of the material or mixture and disadvised uses

Use: Fog- and smoke simulation

Identified use: none

1.3 Particulars about the supplier who provides the Safety Data Sheet

Manufacturer / Supplier: Look Solutions GmbH & Co. KG

Buenteweg 33

DE-30989 Gehrden

Phone: +49-(0)5108-912210

Fax: +49-(0)5108-9122111

Homepage: www.looksolutions.comE-Mail: info@looksolutions.com**1.4 Emergency call**

Emergency call: +49-(0)5108-91 22 10 (Mo. - Fr., 8.00 - 17.00 Uhr)

Cognisant: Ms Eicher, phone.: +49-(0)5108-91 22 10, info@looksolutions.com**2. Possible risks****2.1 Categorisation of the material or mixture**

Appropriate to decree (EG) Nr. 1272/2008, addition VII (Materials):

Not categorised

Appropriate to rule 67/548/EWG or rule 1999/45/EG (Materials or Mixtures):

Not categorised

2.2 Marking

Appropriate to decree (EG) Nr. 1272/2008 (Materials)

Pictogram/Danger symbol: --

Signal word: --

Danger components

for the labelling: --

Danger advice/R-Sentences: --

Security advice/S-Sentences: --

More labelling elements: --

2.3 Other risks

Physical-chemical risks: See chapter 10.

Risks for human health: No special risks known

Risks for the environment: No special risks known

Other risks: none

Others: Not classified as dangerous concerning to EU criteria.

Material Safety Data Sheet according to decree (EG) 1907 / 2006

(changed by decree (EU) 453/2010)

Product name: **Fog liquid "Cryo-Fog-Fluid"**

Date of printing: 06.02.2018

Date of adaption: 06.02.2018

Others: Facultative Safety Data Sheet

3. Composition / Declaration of ingredients

3.1 Materials

The products are mixtures

3.2 Mixtures

Chemical characteristic: Mixture of higher alcohols and water

Ingredients: Contains no dangerous ingredients

4. First Aid Measures

4.1 Description of the First Aid Measures

After inhaling

the non-vaporized/solvent liquid: Obtain medical attention in case of any irritation.

In contact with skin: Rinse with water and soap

In contact with eyes: Rinse with water, obtain medical attention in case of any irritation.

If swallowed: Obtain medical attention in case of any irritation.

General advice: If used in common way no acute risks to be due.

4.2 Important acute and delayed symptoms and effects

--

4.3 Advices for immediate medical help or special care

--

5. Fire fighting measures

5.1 Extinguishing device

Applicable extinguishing device: The product is incombustible.
Extinguish surrounding fire with foam, extinguish powder, carbon dioxide or water.

5.2 Special risks caused by the material, its burning products or arising gas

No special risks known.

5.3 Special protective equipment for extinguishing device

Explosions- and burning gases should not be inhaled. The fire fighting water should not be attained to the sewerage system/surface water or ground water.

6. Accidental release measures

6.1 Personell precaution measures

Slip hazard due to spilled or leaked product.

6.2 Environment protection measures

The product is not harmful to the environment.
Not to be attained to the sewerage system/surface water/ground water.

6.3 Procedure for cleaning and absorption

Absorbe with sand, ground or absorbent material and dispose according to local, administration directive. Small amounts (up to 1 liter) can be deluted with lots of water and can be disposed into the canalisation.

6.4 Advice at other chapters

--

Material Safety Data Sheet according to decree (EG) 1907 / 2006

(changed by decree (EU) 453/2010)

Product name: **Fog liquid "Cryo-Fog-Fluid"**

Date of printing: 06.02.2018

Date of adaption: 06.02.2018

Others: Facultative Safety Data Sheet

7. Handling and storage**7.1 Advice for safe handling**

Store in non-breakable canisters (supplied canister).

7.2 Specification of storage room and canister

Storage room and canisters: Store only in closed canisters.
Canisters have to be clean, dry and rust-free.

Advice for fire- and explosion prevention: No special measures needed

Storage temperature: Ambient temperature max. 60°C

Storage class: None

Advice for storage with other components: None

7.3 Specific use

Fog- and smoke simulation

8. Exposure controls / Personell protection**8.1 Additional advices**

Additional advices for configuring technical Equipment: None

Ingredients causing work place limit value: None

8.2 Personell protection, general protection- and hygiene measures

Inhalation protection: Not needed

Hand protection: Not needed

Eye protection: Not needed

Body protection: Not needed

9. Physical and chemical characteristics

Physical state: liquid

Colour: clear, colourless

Odour: neutral

pH: 6-8

pH 1%: not appointed

Boiling point: from 100° C

Flashing point: not appointed

Ignition temperature: not appointed

Self-ignition: no

Oxidising attributes: no

Explosion hazard: none

Explosion range: lower: -
upper: -

Density: 1,04 - 1,10 g / cm³

Solubility in water (20° C): arbitrary

Viscosity: low viscosity

Date of adaption: 06.02.2018

Others: Facultative Safety Data Sheet

10. Stability and Reactivity**10.1 Reactivity**

Reacts with strong oxidants.

10.2 Chemical stability

Solid under normal conditions.

10.3 Possible dangerous reactions

No dangerous reactions if used like advised.

10.4 Conditions to be avoided

--

10.5 Incompatible materials

--

10.6 Dangerous decomposition products

None

11. Toxicological declarations**11.1 Declaration concerning toxicological effects**

Acute toxicity: The product has not been tested on animals.
Skin irritation: Not irritating.
Eye irritation: Not irritating.
Sensitivity: Not sensitiv.
Sub acute to chronic toxicity: None
General: No classification due to analysis of the preparation directive.

12. Ecological declarations**12.1 Toxizität**

No toxic effect known.

12.2 Persistenz and biodegradability

The product is not harmful to the environment.
Biodegradable according to OECD 301E / EEC 84/449 C3.

12.3 Biological accumulation

No biological accumulation

13. Disposal advices

Product: Dispose according to local, administration directive.
Uncleaned packaging: Dispose according to local, administration directive.

14. Transport information**14.1 UN-number**

None

14.2 Correct UN-shipping label

ADR/RID: --
IMDG-Code: --
ICATO-TI/IATA-DGR: --

14.3 Dangerous material class for transport

ADR/RID/IMDG-Code/ICAO-TI/IATA-DGR: --

14.4 Packing group

--

Material Safety Data Sheet according to decree (EG) 1907 / 2006

(changed by decree (EU) 453/2010)

14.5 Ecological menace

Marking of materials that are dangerous for the environment

ADR/RID/IMDG-Code/ICAO-TI/IATA-DGR: None

Marine Pollutant: None

14.6 Specific precaution for the user

--

14.7 Bulk material shipping according to addition II of the MARPOL-agreement 73/78 and the IBC-Code

Selled only in packages/canisters that are allowed for shipping.

15. Statutory provisions

EU-categorisation: Classified as not dangerous according to EU criteria.

Labelling: No label needed.

R-Sentences: None

S-Sentences: None

Advices concerning
an activity limit: NoneStatutory order on
hazardous incidents: None

Classification VbF: Not applicable

Technical direction air: Not applicable

Water hazard class: WGK 1

16. General

Datasheet issuing division: Company management

Contact: Ms Eicher

Exposition scenario: Professional fog liquid to produce artificial fog and show effects for events, theatres and film productions.
The concentration of fog liquid should be between 25 und max. 80 mg/m³ concerning to the desired effect.
The density of the fog in the air should be allocated in a way that exits and emergency exits be visible at all time. The same should be obtain for the lighting and check marks of escape routes, stairs and so on.
The product must be used appropriate as delivered.
Keep out of the reach of children.

These statements are based on the knowledge and experience we have today. The Safety Data Sheet describes products as to security demands. The statements do not have the meaning of characteristic assurance in terms of quality descriptions.
