ZerOS WING

Quickly add faders to a console running ZerOS or Neo software, such as the FLX, FLX S, ZerOS Server or Neo X with the ZerOS Wing. The ZerOS Wing has been designed to be simple and quick to setup and use. There are no settings, no configuration and no difficult connections. Just plug in via USB and any ZerOS or Neo console is instantly upgraded.

A single button switches quickly between "Channels" and "Playbacks" at any time, and the "Page Up" and "Page Down" buttons are used to either switch between all patched channels on the console, or each page of playbacks. When multiple Wings are used, simply setup each Wing onto a different page.

- 24 multifunctional faders and 24 flash buttons
- Switch between 'Channels' and 'Playbacks'at the touch of a button
- Quick Setup
- Plug into any ZerOS or NEO Console
- Each ZerOS Console can add up to 6 Wings

- Key hole slot for wall mounting
- Optional adjustable legs for mounting at the rear of the FLX console
- CE compliant to all relevant standards
- Designed and manufactured to ISO9001:2015 standards
